STUDENT INFINITE CAMPUS LOGIN INFORMATION…

Go to https://campus.mnps.org and use your MNPS computer login and password to get access to your grades, attendance records, etc. Students SHOULD NOT change their password. It should remain the student ID for the entire year. This will eliminate any issues with students forgetting their passwords later in the year and it will save time during class.   Teachers have a list of usernames and passwords. Speak to homeroom teachers if there is a question about U/N and P/W issues.

The student username is Full First Name, First Letter of Last Name, Last 5 Digits of ID number. The password is their student ID number.

Example: Username for John Doe

         ID number 190052521

Username: JohnD52521

Password: 190052521

There is an app for Infinite Campus as well. You may download the app on your own device. The code is: XYPFWS.
